

## **New Horizons for Seniors Program community based projects – How to apply for funding**

The New Horizons for Seniors Program community based projects will accept applications for projects under \$25,000 and for small grants initiative under \$5,000, from May 15, 2019 to June 21, 2019, 11:59 a.m. Pacific Daylight Time and applications must be submitted by email or by mail.

In order for your Application for Funding to be eligible, it is essential that you include all the required documents by the closing date (June 21, 2019, 11:59 a.m. Pacific Daylight Time) of the Call for Proposals.

We recommend that applicants carefully read the Applicant guides ([applicant guide for 25K](#) or [applicant guide for 5K](#)) for this funding process before completing the application form as it describes specific information needed to answer each question of the form. A checklist is included in the applicant guides.

Through the NHSP, seniors are encouraged to share their knowledge, skills and experience to the benefit of others. Projects should clearly meet one of the following five objectives of the NHSP:

- promoting volunteerism among seniors;
- engaging seniors in the community through the mentoring of others;
- expanding awareness of elder abuse, including financial abuse;
- supporting the social participation and inclusion of seniors; and
- providing capital assistance for new and existing community projects and/or programs for seniors\*.

\*Note: Projects for which capital assistance is being requested are eligible as long as it will support new or existing community programs and activities for seniors. Therefore, in addition to having capital assistance as an objective, the project **must** also meet one of the first four program objectives. In this case, it is mandatory that you select only one of the first four program objectives listed.

Identifying at least one national priority within your application for the \$25,000 grant, while not required will be favoured in the assessment process. For the small grant (\$5,000) initiative, projects must meet at least one of the national priorities.

National priorities for the 2019-2020 CFP are as follows:

- Preventing elder abuse and fraud, including measures to reduce crimes and harm against seniors;
- Supporting healthy aging in community, addressing dementia, including supports and intergenerational housing; and
- Counteracting ageism in the workplace to promote labour market retention of seniors.

### **How to apply by email:**

1. Organizations shall complete the Standard Grant [Application for Funding](#), including the completion of the attestation and send it by email to the respective regional email address found below under “Contact Us”.

**How to apply by mail:**

1. Organizations shall complete the Standard Grant [Application for Funding](#), including the attestation and mail the application to the respective regional mailing address found below under "Contact Us".
